

COMMONS KILLS
EQUAL SUFFRAGEIrish Nationalists Oppose Bill
to Enfranchise Women.

MILITANT POLICY HARMFUL

Vote in English Parliament on Suffrage Measure Shows 266 for and 219 Against—Announcement of the Result of the Division is Greeted With Great Cheer From All Sides of the House.

London, May 7.—The fate of the woman's suffrage bill was sealed by the votes of more than fifty Irish Nationalists, who voted against it. The bill, whereby it was sought to enfranchise 6,000,000 women, was rejected by a majority of forty-seven; the vote stood 266 to 219.

Whether there is any chance that the present parliament will pass a bill of more limited character may be doubted. Possibly the Nationalists fear that if they allow a woman's franchise bill to pass the second reading it will lead to a parliamentary struggle, which would not unlikely end in the dissolution of parliament before the home rule bill becomes a law.

Furthermore, the debate proved that the militant policy of the suffragists has done the cause great harm as far as parliament is concerned.

The figures of the division, showing the defeat of the bill, were greeted with a great cheer from all sides of the house.

Neither Andrew Bonar Law, leader of the opposition, nor A. J. Balfour voted in the division. Among the ministers who voted against the bill were Premier Asquith, Reginald McKenna, Lewis Harcourt, J. E. B. Seely, Winston Spencer Churchill and C. E. Hobhouse.

The supporters of the bill included Sir Edward Grey, David Lloyd-George, Rufus Isaacs, Augustine Birrell, Sydney Buxton, C. F. G. Masterman, Sir J. A. Simon and F. A. Acland.

OFFICIAL DENIES CHARGE

Immigration Commissioner of Minnesota Resigns.

St. Paul, May 7.—Intimations of favoritism to real estate dealers by H. J. Maxfield as state immigration commissioner, made in a statement by the state board of investment, were denied by Mr. Maxfield. Mr. Maxfield's resignation was accepted at the immigration board meeting.

"The charge has no foundation," he said. "I have advocated all along a policy of the greatest publicity for these inquiries about state lands."

The board of investment's statement was prepared by Secretary of State Schmah, State Auditor Iverson and E. A. Nelson of Minneapolis.

BRYAN PARRIES REPORTERS

Positively Refuses to Discuss Japanese Question.

Kansas City, May 7.—William J. Bryan, secretary of state, spent twenty minutes in Kansas City. He talked about the weather and the ideal California climate, but on the Japanese question he remained silent. In fact, he cautioned a group of newspaper friends who gathered to greet him that the Japanese question was tabooed.

The secretary said he didn't think President Wilson would call a special cabinet meeting to discuss his report.

WAR VETERANS TO REUNITE

Plans Made for Meeting of Survivors of Mexican Struggle.

Columbus, O., May 7.—Arrangements for a national reunion of Mexican war veterans to be held at London, O., July 10 and 11, were made here by Captain J. D. Fisher of Chillicothe, O., president of the National Association of Mexican War Veterans, and James E. Buell of South Vienna, O., president of the state association.

Only twenty-five of the few score of veterans living are expected to attend.

POPE GRANTS NO AUDIENCES

Will Follow Instructions of Doctors and See No Pilgrims.

Rome, May 7.—The Osservatore Romano, the Vatican newspaper, publishes the following official statement in regard to the health of the pope:

"Some newspapers have given inaccurate news about the health of his holiness which, although excellent, considering his recent illness, obliges him to follow a special regime. Therefore the pontiff has neither gone into the Vatican gardens, nor is he about to resume his audiences for pilgrims."

Three Face Murder Charge.

Nashville, Ind., May 7.—Frank Taggart, recorder of Brown county, his wife, Ella Taggart, and Hannibal Taggart, were arrested on charges of murder in the second degree, growing out of the death, a month ago, of Norma Taggart, sixteen years old, daughter of Hannibal.

GREAT NORTHERN
WILL MINE ORE

Hill interests Preparing to Combat Steel Combine.

CARM THOMPSON IN CHARGE

Former Treasurer of the United States Will Take Hold of Ore Properties in Northern Minnesota—Trustees Broadly Intimate They Intend to Operate Mines When Present Leases Expire.

St. Paul, May 7.—That the Great Northern railroad interests are preparing to engage in active competition with the United States Steel corporation on the iron range after Jan. 1, 1915, is indicated by the sixth annual report of the trustees of the road's iron ore properties just issued. With 430,021,773 tons of ore in sight and a straight down grade haul to the Head of the Lakes the Hill interests threaten the supremacy of the great combine in Northern Minnesota.

Added interest is given to the report by the coming here of Carmi Thompson, former treasurer of the United States, to take charge of all the Hill ore properties. It is believed that he will head the operating forces of the Hill interests and be the leader of the expected struggle with the great Steel corporation.

While the trustees are careful to avoid any direct announcement of their apparent intention to operate these properties when the steel combine lease expires, yet the report broadly intimates this is the course they will pursue. In this connection it is said:

The release of these properties has made it possible for "the companies" (referring to the trustees in their capacity as managers of the companies whose stock was transferred to the Great Northern in 1906) to proceed with the development of the mines thereon.

May Mine Ore This Year.

Contracts have been entered into for stripping the overburden of three of the leasehold properties, which contain an aggregate of 28,123,445 tons of iron ore. This mine development will probably place "the companies" in position to mine and sell some ore during the year 1913, a large amount in 1914 and an increasing output during the year 1915 and thereafter. The opening of these mines does not make it incumbent upon "the companies" to do their own mining and selling, but it will put them in position to do so.

Closely following this statement is one which shows that the trustees have made a close examination of the possibilities of some of the undeveloped properties. Engineers have estimated that by the expenditure of \$10,820,000 ore to the amount of 32,125,000 tons can be made available in the Whiteside, Dunwoody, Smith, Enterprise, South Agnew and Section 16 mines. Contracts, as already stated, have been let for the stripping of the Whiteside, Dunwoody and Smith properties.

It is interesting to note in this connection that the freight which the Great Northern would receive from this immense tonnage available at once would amount to \$19,257,000 at the prevailing rate of the total cost to "the companies" of making the ore available.

SOCIAL EVIL MEN'S PROBLEM

Chicago Savant Says Question Is Beyond Woman's Scope.

Atlantic City, N. J., May 7.—"It is the man of the country who must combat the social evil," said Dean Walter Sumner of Chicago in an address to the clergy and laymen of the New Jersey diocese of the Protestant Episcopal church, who are in attendance upon the convention in progress here.

"Time was that this was woman's problem, but no longer," Dean Sumner said statistics taken in Chicago showed that 50 per cent of the young men are not healthy enough to marry.

MOB BATTLES IN STREETS

Silk Mill Strikebreakers Are Attacked By Crowd.

Summit, N. J., May 7.—Strikers and sympathizers, women and children among them, attacked twenty-five strikebreakers at the doors of the Summit Silk mills.

The police dispersed the mob after the strikebreakers had defended themselves in a hand to hand battle. Several persons were injured.

Sent to Azores for Trial.

Lisbon, May 7.—The Portuguese government has dispatched all the political prisoners arrested for complicity in the last attempt to overthrow the present republic on Sunday, April 27, to the Azores for trial and punishment.

GLENN H. CURTISS.

Receives Medal From
Smithsonian Institute.

GIVES MEDAL TO CURTISS

Smithsonian Institute Honors Living and Dead Aviators.

Washington, May 7.—Three workers in the field of aviation, one dead, the other two living, were honored here by the Smithsonian Institute, which unveiled a tablet to the memory of the late Dr. Samuel Pierpont Langley, inventor of the first heavier than air machine to fly, and presented Langley medals to a Frenchman, Gustave Eiffel, for his valuable experiments in aerodynamics, and to Glenn H. Curtiss, the young American. As M. Eiffel could not be present the French ambassador, J. J. Jusserand, received his medal.

Another feature of the celebration of Langley day—so called because on this date seventeen years ago Langley's first flight with a heavier than air machine, propelled by its own power, was made—was an exhibition of aeroplane and hydroaeroplane maneuvers on the army war college grounds.

FOUR GOTHAM POLICE
OFFICERS ARE GUILTY

Tried for Conspiracy to Obstruct Justice.

New York, May 7.—James F. Thompson, James E. Hussey, John J. Murtha and Dennis Sweeney, the four demoted police inspectors charged with conspiracy to obstruct justice, were convicted by a jury in the supreme court.

After being remanded for sentence the four were returned to their cells. The penalty is one year in jail or a fine of \$500 or both.

The conviction of Thompson, Hussey, Murtha and Sweeney is regarded by Mr. Whitman as the most important yet won in connection with his expose of the police system.

The four plotted to buy silence of George A. Siff, a resort keeper, through bribing him to flee the city after he had told the alderman committee that for years he had paid tribute to the police for protection.

SUICIDE CANCELS JOURNEY

Minnesotan Ready to Start for Sweden Strangles Self.

Fergus Falls, Minn., May 7.—Nels P. Peterson bought a steamship ticket, packed his trunk and had it taken to the railway station here preparatory to returning to Sweden, where his wife and daughter live. After breakfast he left his home and did not return for dinner. Later his brother found him strangled to death in a haymow.

+++++
WOOD ALCOHOL FATAL.
New York, May 7.—Thirteen persons in the state of New York were made blind for life and four others were killed during the last twelve months either by drinking wood alcohol or inhaling the poisonous fumes. This was published in the report of the New York committee on the prevention of blindness.
+++++

Declines Rockefeller Job.
Washington, May 7.—Dr. Erwin F. Smith, plant pathologist in the department of agriculture, has declined a \$10,000 position with the Rockefeller Institution for medical research. Moreover, the refusal was to retain a position at \$4,000 a year with the government.
+++++

Lets Train Sever His Head.
Troy, N. Y., May 7.—Frank Brown of Cohoes, aged ninety-two years, committed suicide by placing his head on a rail as a passenger train on the Delaware and Hudson railroad was approaching. His head and one arm were severed from the body.
+++++

JAP SITUATION
TOUCHES SOUTH

People Sympathize With California In Her Trouble.

REASON FOR APPREHENSION

Men From Mikado's Empire Now Possess 41,000 of the 1,000,000 Farms in Great Coast State—"It's a Race Problem," Says House Leader Underwood, "And There Can Be but One Result."

By ARTHUR W. DUNN.

Washington, May 7.—[Special.]—With 41,000 farms out of a 1,000,000 in California in possession of the Japanese there is possible reason for apprehension on the part of the people of the Pacific coast as to what may happen if there is not a check upon the acquisition of real estate by the Japs.

It is evident that, while the administration is doing everything possible to prevent adverse legislation by California, the Californians have the sympathy of the southern people.

"It is a race question," said Leader Underwood of the house. "We of the south have a race question ourselves and know that when racial differences exist that there can be only one result—one race will dominate, and in this country it will be the white race."

That is a fair sample of the way southern people look upon the question which is causing so much concern at the present time.

Will Name Committees.
While the senate is devoting time to the tariff, for a few weeks at least the house ways and means committee will get up a list of committees. The Democratic caucus has simplified the matter to a great extent by decreeing that committee chairmen shall not have places on a dozen leading committees and there shall be no doubling up of such committees. When the committees are named it is expected that they will take up some of the important bills which have been introduced.

Postage Changes.

It is quite possible that there will be a change in postal rates, even under the Democratic administration. Congress may be asked to establish a one cent rate, which will mean an increase of the second class rate on newspapers and periodicals. I heard a member of the postoffice committee saying recently that there "ought to be an increase because the papers have become so sensational, so unreliable and many times so untruthful." There are other statesmen who say the rate on periodicals ought to be increased because there has been so much muckraking. If that view prevails to any great extent the increase is coming.

Adjectives and Adverbs.

Senator Myers of Montana took occasion to deny a newspaper statement on the floor of the senate and never before has the senate heard so many adjectives and adverbs in such a short speech. Myers strung them along one after another until it seemed as if he had absorbed a large number simply for the occasion. That newspaper story was most thoroughly denied and repudiated by the time he concluded.

Cary For Reform.

Congressman Cary has started right out on a career of reform and has introduced a string of bills to correct many evils, most of them in the District of Columbia. Cary would make a lot of people sit up and take notice in this capital, particularly the public service corporations and those who run automobiles.

A Singular Conference.

Those who recall the early relations between Senators Gallinger and Chandler when the latter was a member of the senate thought that the close conference between them that took place some time ago was very singular. There was a time when they were decidedly antagonistic. Then senatorial friends patched up a truce, which seemed to have held so far as personal relations were concerned, but no one ever expected them to confer together. Those who know are assured that it was not in the interest of Chandler's candidate for the presidency, Senator La Follette, that the conference took place.

Advice to New Members.
Phil Campbell of Kansas, who has become one of the Republican leaders, was giving advice to the new Democratic members, incidentally chiding them. He said they had not been appointed on committees because they were expected to vote "right" on the tariff bill.

"One or two men have been telling you what to do and how to do it. If you are wise you will do just as you are told. How can you expect to get committee assignments or name the postmasters in your districts if you fail to deliver the goods, to vote as you are told to vote?"

"Moving Slowly."
Senator Johnston of Alabama was complaining about the number of Republicans in office.

"But will that not be remedied by the senator's president?" asked Senator Gallinger.

"I hope it will be remedied," replied the Alabama senator, adding almost plaintively, "But it seems to be going along very slowly."

The Reason.
"Why do you suppose he has such a vacant expression?" "Well, he thinks of himself a good deal."—Judge.

SENATOR BRADY.

Denies He Has Been Engaged to St. Paul Girl.

BRADY EXPRESSES SURPRISE

Idaho Senator Denies Engagement to St. Paul Girl.

Washington, May 7.—Senator James H. Brady of Idaho expressed surprise when informed that an announcement had come from St. Paul that his engagement to wed Alice Lorraine Daly of that city "had been broken by mutual consent." Mr. Brady declared that he never had been engaged to marry Miss Daly.

"About a year ago," said the senator, "there were reports in Western newspapers that I was engaged to marry Miss Daly. They became so persistent that it was decided to make a formal announcement that there was no truth in such reports. This was done. That is all there is to it."

SERIOUS STRIKE
RIOTS AT SYRACUSE

Settlement of Trouble Appears to Be in Sight.

Syracuse, N. Y., May 7.—Determined efforts are being made here to settle the strike of building laborers which developed a series of riots in which twenty-five persons, nine of them policemen, were wounded.

The strikers met with Cesare Sconetti, Italian consular agent at Rochester, who came to Syracuse, and appointed a committee to wait on the employers, with a view of arbitrating the wage dispute. The contractors have signified their willingness to have the matter arbitrated.

Order was restored with the first negotiations for a settlement and the three local companies of state militia, which had been called out during the riot, had nothing to do.

The strike started last Thursday, when the demand of 2,500 laborers and hod carriers for increased wages was rejected.

In the riot the police took twenty-five prisoners, ten of whom were hurt, three seriously. One policeman's skull was fractured and his condition is serious. Eight other officers were cut and bruised.

Gabriel Vasta was shot through the abdomen and his recovery is not expected. Martin Lull, a spectator, was shot in the shoulder.

IDENTIFIES HOLDUP ARTIST

Wounded Man Picks Out Train Robber by His Voice.

Kansas City, May 7.—A wounded man arrested in a grading camp near Birmingham, Mo., was identified positively as the train robber who last Thursday night held up a Kansas City Southern train and wounded Jesse M. Short, a Joplin miner, from whom he obtained \$1,000. Identification was made by Short.

"I'd know him among a thousand," said Short when the man, who gave the name of Louis Watson, was taken to the cot in Wesley hospital, where the Joplin miner is recovering from wounds inflicted by the bandit. A peculiar strain in the man's voice figured prominently in the identification.

The night of the holdup, although wounded, Short shot and injured the bandit as the latter was leaving the coach after the robbery.

HOUSE TAKES UP
INCOME TAX PLAN

HORSE RADISH COMES IN FREE

Customs Court Refuses to Heed Appeal for 25 Per Cent Duty.

Washington, May 7.—With the cost of living constantly soaring, horse radish, used the country over as a condiment, may become cheaper as a result of the decision by the customs court.

Overruling the treasury department's pleading for a 25 per cent ad valorem duty on horseradish roots the court decided that the roots should be admitted free of duty.

TWO SINK TO DEATH IN LAKE

Betrothed Wisconsin Couple Perish When Boat Capsizes.

Cumberland, Wis., May 7.—Miss Kate Benham, twenty years old, and John Lair, two years her senior, were drowned in Montgomery lake, northwest of here, while boating. Their boat capsized and they went down in the presence of several persons on shore. Lair reached the overturned boat in safety, but was seen to swim to the aid of the girl. She grasped him about the neck and both sank. They were engaged to be married.

Suffrage Measure Passes.

Madison, Wis., May 7.—The Glenn woman's suffrage bill was put through the assembly and now goes to the governor. It calls for a referendum on the question in 1914.

Carries munitions to Manila.

San Francisco, May 7.—The United States army transport Sherman, carrying five million rounds of small arm and small artillery ammunition and a large quantity of powder, sailed for Manila.

Poets' Pabulum.
"She has quite a saloon. Numerous poets in attendance."

"Aw, poets mean lettuce sandwiches and weak tea. I'd rather go where one finds roast beef and army officers."—Pittsburgh Post.

Consideration of General Tariff
Bill Is Complete.

SWEEPS ASIDE OPPOSITION

Large Democratic Majority Votes Down All Amendments Offered by Republicans and Retains Free Wool, Free Meats and Other Necessities in the Measure—Payne Tries to Create Tariff Commission.

Washington, May 7.—The overwhelming Democratic majority in the house swept through the free list, bowled over all opposition to free wool, free meats and other necessities and passed on to the consideration of the \$100,000,000 income tax feature of the Underwood tariff bill.

There was sparring across the aisle dividing the Democrats and the Republicans. Many amendments were offered by Republicans in a forlorn effort to put many free listed articles back on the dutiable list.

Finally, when the last of these proposed changes had been rejected, Representative Payne of New York, head of the ways and means committee under the Republican regime in the house, precipitated a lively rules fight by offering a brand new amendment to create a tariff commission.

It was all over quickly. Representative Garrett of Tennessee, in the chair, sustained a point of order made by Mr. Underwood that the tariff commission amendment was not germane to the bill.

Amendments to the income tax offered by the ways and means committee and adopted included a provision exempting return investments in insurance and a clause changed the terms regarding mutual fire insurance companies so as to allow them to deduct from their gross incomes the amount required under the state laws to be placed in their reserve funds.

WANT CURRENCY LAW SOON

Bankers in Convention Will Urge Congress to Act Quickly.

New York, May 7.—The "necessity for prompt banking and currency legislation" is one of the recommendations that the executive council of the American Bankers' association will make at the next convention of the association.

A resolution adopted at a session of the council at Briarcliff Manor urges the association to bring to the attention of President Wilson and congress the pressing need of a new financial system that will place the United States on a par with other great commercial and competing nations.

SHATTERS NAVY TRADITION

Canadian Girl Christens American Warship.

San Francisco, May 7.—When the new submarine torpedo boat H-1 was launched at the Union Iron works an American naval tradition was shattered. For the first time in the country's history a United States warship was christened by a subject of a foreign country.

Miss Leslie Jean Meakin, who stood sponsor for the new craft, was born in Montreal, and is a subject of King George. Miss Meakin is a niece of John A. McGregor, superintendent of the Union Iron works.

WILL ENFORCE BETTING LAW

Governor Sulzer Gives Special Instructions to Sheriffs.

Albany, N. Y., May 7.—In view of the approaching season in the metropolitan district Governor Sulzer sent letters to sheriffs and district attorneys of Nassau, Queens and New York counties and to Rhineland Waldo, police commissioner of New York city, directing them "to prevent all wagers, bets or stakes made to depend upon any horse race, in the nature of gambling, within your county."

5,000 pansy plants and 1,400 Geraniums for sale. All colors. Also all kinds of bedding stock. J. J. Untereker, 114 Gillis Ave. Phone 133-J.—Adv. 282t6p

Two arrests made by George Ridley and Henry Squires, during the closing hours of their terms as chief and captain, were those of a man and a woman accused of running a disorderly house near the West Brainerd bridge. In court the man was fined \$25 or 30 days in jail and the woman \$10 or 10 days in jail. Neither had any money and the pair took the jail sentence.

MUSIC AND DRAMA**At the Grand**

Manager McCarthy announces an exceedingly strong bill for tonight only, "The Iconoclast." It would be hard to imagine a more consistent and powerfully moving three-reel offering than this. Its story is one covering a vast range of human emotion; it combines skillfully the fierce passion of the Mexican heart as shown in Don Jose's hatred of the artist and his religious creation, the Madonna. Then the picture again admirably utilizes the vast sweep of the Southern California landscape, the railroad builder at work, the Indians in the picturesque village on the lake side and later the crash of warfare. The old mission atmosphere is always in evidence and the pictures are excellent.

30,000 VOICES

And Many are The Voices of Brainerd People

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Brainerd people are in this chorus. Here's a Brainerd case.

Mrs. J. H. Zellers, 913 Main St., Brainerd, Minn., says: "I never tire of recommending Doan's Kidney Pills for they have been so beneficial to me. Some years ago I publicly endorsed them and at this time I am willing to do so again. I took Doan's Kidney Pills, procured at H. P. Dunn's drug store when I was afflicted with kidney complaint and they gave me prompt relief. One of my relatives who also suffered from kidney trouble, used this remedy with the best results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**WORNOUT FLAGS.**

Uncle Sam Burns Them Unless They Have Been in Battle.

The government sets an example to the whole country in requiring that wornout flags shall be burned and not permitted to become mere pieces of waste rag. Whether or not any special law or regulation governs the disposition of the flags, the universal practice of the army and navy for generations has been that whenever a flag is no longer fit for service it shall be destroyed.

When a flag used at an army post or on board a naval vessel becomes unserviceable requisition of the quartermaster is made for a new one, and the old one is burned. The same disposition is made of flags used on public buildings in Washington. Custodians of buildings outside of Washington buy their flags outright of the government. Whether or not they follow the official plan of disposing of old flags cannot be stated.

Flags borne in battle are invariably preserved either by the commands which carried them or under instructions from the war department by the government at Washington. A whole roomful of battle flags is on exhibition at the war department.

The government is a little thrifty, however, in the use of the national colors. A flag is not put out of business merely because it is torn or worn, for contracts are maintained with men who repair flags, and if the injury is not too serious repairs are made and the flag is sent back to service.—Boston Transcript.

Ridiculous!

"You should take exercise every day," said the physical culturist.

"You make me laugh," answered the seeker after health. "I work so hard that I get too tired to take any exercise."

"And you should take a bath every day."

"What for?"

"What for? Why, it will make you feel better."

"Take a bath every day just because it makes me feel better! Say, what do you think I am—an epicure?"—Cleveland Plain Dealer.

The spring months often find a woman tired out, with pain in back, hips and head, nervous and sleepless. Foley Kidney Pills will quickly prove their worth and value as a healer of all kidney and bladder ailments and irregularities. They are a splendid remedy for rheumatism, clearing the uric acid from the joints and system. Try them. H. P. Dunn, druggist.—Adv. mwf

Style Suggestions of Timely Importance

The question what to wear as well as how to wear it will be satisfactorily answered if you visit our Dress Goods section this week.

MAYOR HENNING'S FIRST APPOINTMENTS

A. A. Weideman, is Appointed a Member for 5 Years of the Water and Light Board

S. W. QUINN, CHIEF OF POLICE

V. N. Roderick City Clerk—Deadline on City Attorney, M. E. Ryan Holding Over

The new city officers:
Mayor—R. A. Henning.
City Treasurer—A. M. Opsahl.
Municipal Judge—J. H. Warner.
Special Municipal Judge—W. F. Wieland.
City Assessor—Henry Krause.
City Council:
First Ward—C. A. Lagerquist and Anton Mahlum.
Second Ward—James R. Smith and D. A. Peterson.
Third Ward—N. W. Betzold and Ernest Haake.
Fourth Ward—A. L. Anderson and Frank S. Gallupe.
Fifth Ward—L. H. Stallman and George W. Hess.
President of Council—C. A. Lagerquist.

Vice President Council—D. A. Peterson.
The appointments made by Mayor Henning:
Member water and light board, 6 years—A. A. Weideman.
Member Park Board 6 years—Fred Marchant.
Member Board of Health, 6 years—S. W. Quinn.
Members Library Board, 6 years—J. M. Hayes, George Bouck, John Wilmar.
Chief of Police—S. W. Quinn.
Captain of Police—N. W. Olson.
Patrolmen—Herman Schulte, Chris Mathison, Mike Setula and Ole Anderson.

Special police at the Northern Pacific shops to serve without cost to the city—John Wordin, Henry Hurley and Emanuel Horak.
Special policeman at cemetery to serve without cost to city—Robert Jaeger.

The council elected:
City Clerk—V. N. Roderick.
Engineer—C. D. Peacock.
City Attorney—Deadline, City Attorney Ryan holds over.
Street Commissioner—Jacob Paine.
Chief Fire Department—Henry McGinn.
Building Inspector—C. D. Peacock.
City Weighmaster—Otto Reinhardt.

The council chambers were filled to overflowing Tuesday night on the occasion of the first meeting of the new council. On the desk near Mayor R. A. Henning reposed a huge bunch of carnations which some friends had sent him. Near by, on the desk of City Clerk Roderick, was a mountain of sweet peas, a tribute to "Bud", as he is affectionately known. It was a love feast throughout the entire session and all was peace and harmony.

The first matter before the house was the selection of a temporary chairman. Anton Mahlum was nominated, receiving six votes to the four votes of A. L. Anderson. Mr. Mahlum then took charge of the deliberations of the body.

He announced that the next thing in the order of business was the selection of a president of the council. On the informal ballot Lagerquist polled 4 votes, Anderson 4, Peterson 1 and Smith 1. On the second informal ballot Anderson got 4 votes, Lagerquist 4, Smith 1 and Hess 1 vote. Then came the formal ballot and Lagerquist polled 6 votes and Anderson 4. C. A. Lagerquist was declared elected president of the council.

The informal vote for vice president resulted: Betzold 4, Peterson 4, Hess 1 and Mahlum 1 vote. On a formal ballot D. A. Peterson was elected, receiving 6 votes to Betzold's 4 votes.

For city clerk there was but one application, that of V. N. Roderick. Mr. Roderick was elected, receiving the unanimous vote of the council. For city attorney there were three

written applications, that of W. A. Fleming, D. A. Haggard and Jay Henry Long. There was some argument about an informal or formal ballot and the informal ballot proceeding carried by a vote of 6 to 4. Two informal and eight formal ballots were taken and a deadlock resulted, no one being chosen and City Attorney M. E. Ryan holding over. The ballots stood:

First informal: Ryan 4, Long 3, Haggard 2, Fleming 1. Then Mr. Fleming dropped from the race. The second informal vote stood Ryan 5, Long 3, Haggard 2.

Then followed the formal ballot-ing:
Ballots Ryan Long Haggard
No. 1 ----- 5 4 1
No. 2 ----- 3 4 3
No. 3 ----- 3 4 3
No. 4 ----- 4 4 2
No. 5 ----- 4 4 2
No. 6 ----- 4 4 2
No. 7 ----- 4 4 2
No. 8 ----- 4 4 2

Mayor R. A. Henning then read his address to the council, which was listened to with the closest attention and at its close was applauded. The mayor said:

To the president and members of the common council of the city of Brainerd:

Gentlemen:
In opening this, my first message to your body, I desire to take advantage of this opportunity and to extend to you, my congratulations, upon your election as aldermen of this city.

The duties of your department, and all other departments of the city are important, and demand the careful consideration and attention of every official, and the co-operative effort upon the part of all, and to assist in securing and accomplishing the most good for the welfare of the city of Brainerd and its citizens, it is my desire to co-operate with you in your work at all times.

Many of the important questions that have been before the last two councils are now completed, or nearing completion.

City Ordinances

The council of 1909-1911 started the work of revising the ordinances of the city of Brainerd, and this work was carried forward by the council of 1911-1913. The commission of attorneys appointed to complete this work, are at present engaged in the summing up of their work, and I recommend to the city council that you assist in closing up this work of revising the city ordinances as soon as possible, in order that the new ordinances may be put in force. This is one of the most important questions before your body, as it is nearly impossible to determine the measures necessary to enforce the ordinances in their present condition.

Public Buildings

It is important that this city have a suitable city hall, capable of housing all the various city departments, and city offices, but it is equally important that that building be located as near to the central part of the city as possible and that such location should be a location easily of access to the majority of its citizens.

To accomplish this I recommend that our finance committee be at once instructed to investigate this matter as quickly as possible, with the end in view of securing an option upon a desirable location, and that such location or locations together with the location secured by the council of 1911 and 1913 be submitted to the voters of Brainerd at the first opportunity for their selection of the actual location.

I recommend that the use of all public buildings when not in use for their specific purposes, be extended to the public for public meetings.

Public Improvements

In the construction of sewers and the paving of streets, I recommend to the city council that you pay the closest attention to the specifications and contracts, that may be drawn for any future improvements, and that your engineers and committees in charge of said work be instructed that such work must be completed in accordance with said contracts. I recommend further that all contracts have a clause limiting the

(Continued on page four)

SUPT. W. C. COBB'S REPORT FOR APRIL

City Schools are Flourishing—Efforts Made to Secure Normal Training Department

GRADUATION EXERCISES PLANS

Dr. M. S. Rice, of Duluth, to Deliver Commencement Address—Rev. Sheridan the Sermon

Supt. W. C. Cobb, of the Brainerd schools, gives the Dispatch the following information and school reports:

As the end of the school year is approaching and reviews preparatory to final examinations and promotions are now in progress in all schools parents should be very considerate in the matter of attendance as each day may mean much in the matter of final promotion. The requirement under the state school law is in force until the end of the school year and no time of the year means more to the child than the few weeks preceding the end of the school term.

An effort will be made to secure a normal training department in connection with the local schools, if a sufficient number of students eligible to, and desirous of taking such a course can be secured in Brainerd and its adjacent territory. All students who may be interested in such a department for next year are requested to notify the superintendent of schools. The appropriation for the maintenance of such schools has been increased at the recent session of the state legislature and it would seem that Brainerd and Crow Wing county with its large quota of teachers ought to be maintaining a Normal training department each year.

The commencement address this year will be delivered by Dr. M. S. Rice of Duluth. Dr. Rice is this year filling a larger number of commencement engagements than any other single speaker in northern Minnesota which fact alone ought to be a guarantee that the speaker will have something worth listening to. The baccalaureate sermon is announced for May 22d and will be delivered by Rev. Sheridan of the Congregational church.

A general teachers meeting was held in the 8th grade room of the Washington school building Tuesday afternoon at 4:15. Any one is welcome to attend these meetings.

The superintendent's report for the month ending April, 1913, is:

Enrolled for the year to date, boys 891, girls 997—1888
New entries for the month—12
Average number belonging for the month—1640
Average attendance—1579
Per cent of attendance—96.3
No. of tardiness—43
No. of teachers tardy—2
Absence of teachers in days—11 1/2
No. of cases of corporal punishment—9
Cases of truancy reported—6
No. fire drills—8
No. of teacher's meetings held—2

Record by Buildings

Whittier, Louise Barrett, principal—Enrolled, 222; per cent of attendance, 97.6; tardiness, 8.

Lowell, Katherine Howland, principal—Enrolled, 472; per cent of attendance, 96.5; tardiness, 14.

Lincoln, Helene Baker, principal—Enrolled, 315; per cent of attendance, 96.3; tardiness, 4.

Washington, grades—Enrolled, 289; per cent of attendance, 96; tardiness 4.

High school department, L. C. McCarty, principal—Enrolled, 240; per cent of attendance, 95; tardiness, 9.

During the month just closed the high school glee club has purchased from the proceeds of their opera a beautiful Victrola and a well selected and graded assortment of records consisting of solos, quartets, orchestra and band selections from the best artists, all of which were presented to the high school with appropriate exercises a short time since. Each Friday afternoon a short recital with the Victrola is held in the assembly room and both pupils and teachers are enjoying the rewards of the musical efforts.

The returns from the March state examinations in grade subjects are in and state certificates were returned for all the papers sent in without any failures. There were received 51 certificates in arithmetic, 75 in U. S. history, 45 in geography, 40 in grammar and making a total of 211 which is a very gratifying showing as the above subjects are not intended to be completed until the end of the school year and with the number of papers to be sent down at the May examination will give the Brainerd schools a larger percentage of state certificates secured in these subjects than in any previous years.

On Friday afternoon the high school orchestra gave a third of the series of concerts planned by Mrs. Prescott for each of the grade buildings and in spite of the unfortunate absence of their director the orchestra carried out the program with the assistance of the teachers and pupils of the Whittier building in a most creditable manner. A goodly number of parents were on hand and showed their appreciation by liberal applause and many kind words of commendation. Next Friday a similar program will be held at the Lowell building to which visitors are cordially invited.

Several of the girls of the high school sewing department recently

appeared in the superintendent's office wearing dresses which they had made entirely themselves including the cutting of the same from the patterns.

They were good looking dresses too, and well made, at a cost of about one dollar and a half. Perhaps another year the girls may all be making their commencement gowns, which would be a practical way of proving the value of a sewing department in the schools.

The records of teachers for the month ending May 2nd, 1913, are:

Teacher	Grade	Att Tard.
Lowey, 7th	-----	99.9 1
Smith, 3rd	-----	98.8 2

SCHOOL BOARD ORGANIZES

R. R. Wise Elected President and George D. LaBar Vice President of the Board

The school board held a short meeting last night and organized, electing these officers:

President—R. R. Wise.
Vice President—George D. LaBar.
Secretary—Louis Holman.
Treasurer—Wm. Barron.

The treasurer's bonds were fixed at \$30,000. The board of education is now composed of the following members:

First ward, Louis Hohman and R. R. Wise. Second ward, R. J. Hartley and George D. LaBar. Third ward, J. W. Welch and Wm. Barron. Fourth ward, H. Duneman and Henry Mollanen. Fifth ward, Rev. Eloy Carlson and H. H. Baker.

COMMITTEE MEETING

Executive Committee on Fourth of July Celebration to Meet on Thursday Evening

The executive committee of the Fourth of July celebration will meet at eight o'clock on Thursday evening, May 8, at the water and light board rooms in the Imperial block. All committee members are urged to be present, and if not able to attend should send a representative. Reports are to be made on the progress made by the various sub-committees.

Story Was Exaggerated

The Dispatch was given a story about Ralph Quinn to the effect that this popular telegrapher had lost a lot of miscellaneous articles while taking a ride on a railroad motor car. Mr. Quinn admits having had engine trouble, such as will naturally afflict almost any kind of gasoline machinery. Otherwise it was an incident which was played up too much by some brother railroad man.

RANDALL-FT. RIPLEY

Randall Wins a 3-4 Game, But it Takes Eleven Innings to Turn the Trick

The base ball fans of Randall were treated to a real live ball game Sunday when the Ft. Ripley nine met the above town's team on the Randall grounds. The score was 3 to 4 in favor of Randall and it took 11 innings to run up that small amount.

Batteries were LaForce and Beaumont for Ft. Ripley; Gourd and Pierce for Randall. Gourd had 18 strikeouts to his credit, allowing 6 safe hits and LaForce struck out 14, allowing but 3 hits. Randall fans say it was the best game ever played on Randall grounds.

This Interests Every Woman

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. They are tonic in action, quick in results. They will help you. H. P. Dunn, druggist.—Adv't. mwf

IT PAYS TO ADVERTISE

A TOWN AND COUNTRY CLUB

Being Organized by Some of the Most Prominent Citizens of Brainerd

A CLUB HOUSE AT THE LAKE

Club House, Garage and Other Conveniences at Mille Lacs Lake Near Garrison

There is being organized in Brainerd by some of the most prominent people of the city a Town and Country club, the club house, garage and other conveniences to be located on the western shores of Mille Lacs lake near Garrison.

Charles Barnard will have charge of the club house. He is conducting a beautiful summer resort at present at his location on the lake.

The roads to the lake are being constantly improved and of all drives in the county the Mille Lacs road is one of the finest. The scenery is beautiful, especially on the lake shore.

A member of the Town and Country club, wishing to entertain visitors, can offer his friends no more pleasing recreation than a motor trip to the lake and a stay of one or more days at the club house. The idea of the club meets with favor and many are joining the association.

WATER AND LIGHT BOARD

John M. Taylor's Resignation Accepted by the Board—Routine Business Transacted

Commissioners Dunn and Mahlum were present at the last meeting of the water and light board. The reports of the electric light and water departments were read, accepted and placed on file.

The resignation of Commissioner John M. Taylor was accepted.

The present office quarters were, on motion, retained for another year. The board ordered the purchase of a typewriter.

Commissioners Mahlum reported on his recent trip to Duluth regarding the examination of boilers suitable for installation at the pumping station. The various propositions were placed on file.

The price of electric irons was lowered from \$3.50 to \$2.75.

BRAINERD'S GOOD FORTUNE

St. Cloud Papers Comment on the Bequest of the Late Judge Holland to the City

St. Cloud Journal-Press: A Duluth man has given that city a million dollars to build a lake shore boulevard from Duluth to Two Harbors. The late Judge Holland gave Brainerd two valuable iron properties, which it is believed will pay off the bonded indebtedness of that city. What St. Cloud man is going to build a monument for himself by being good to the busy, gritty Granite City?

St. Cloud Times: Brainerd is feeling pretty rich, just now, as it is the only city in the world which owns two iron mines, located within its corporate limits—bequeathed by the late G. W. Holland. It is expected that the iron ore will pay of the city debt, maintain a New York Central Park; pave all streets with asphalt; plan all county roads, erect a temple of fame; white way in business and residence streets; construct a macadamized road to Minneapolis, and finally (and best of all) pension the Brainerd editors at \$5,000 per annum. Oh, for an iron mine in St. Cloud, this busy, gritty Granite City.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. H. P. Dunn, druggist.—Adv't. mwf

FOLEY KIDNEY PILLS

FOR BACKACHE KIDNEYS AND BLADDER

Brainerd Gen. Del. Crosby Box 319

Rainy Day Clothes

These are the days of frequent rains when a man needs a light, serviceable outer garment that will protect him and his clothing from the rain and yet not be too warm and uncomfortable. Then too a man wants something that will look well and be dressy in keeping with his personality.

We have a line of slip-ons that are the ideal garment for these rainy days. Made of cravenetted cloth that is absolutely rain and wind proof. They are light weight and when not worn can be folded into a small bundle that is convenient to carry. You should have one with you all the time these days. Come in today and get yours. \$5, \$7.50, \$8.50, \$10 and up to \$18.

A good line of rubber coats and slickers for the man who works out of doors and needs protection from the rain and wants a waterproof garment that will stand rough wear. \$1.75 to \$6.00.

Rubbers and watertight shoes. Umbrellas at \$1.00 and up.

Application For Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, Andrew Carlson, hereby makes application for a license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 214 South Fifth Street, on the ground floor, in the City of Brainerd, from May 21st, 1913, until May 21st, 1914.

Dated April 29th, 1913.

(Signed) ANDREW CARLSON.

Said applicant has been licensed to sell intoxicating liquors in the city of Brainerd, Minn., from August 3rd, 1908, to December 6th, 1910.

Notice is hereby given that a hearing on the above application will be had on May 19th, 1913, at 8:00 o'clock p. m. at the regular meeting of the City Council of the City of Brainerd.

Dated April 29th, 1913.

V. N. RODERICK,
City Clerk.

How to Cut Thin Silk.

By placing thin silk between two pieces of tissue paper you will find that you can cut it as straight as though it were heavy cloth. There will be no annoying puckering.—Woman's Home Companion.

THE RACE FOR RICHES.

A wise man will desire no more than he can get justly, use soberly, distribute cheerfully and leave contentedly.—Bacon.

A slight cold in a child or a grown person holds possibilities of a grave nature. Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep seated cough, and heals inflamed membranes. H. P. Dunn, druggist.—Adv't. mwf

MAYOR HENNING'S FIRST APPOINTMENTS

(Continued from page three)

number of hours to be worked by any employee on said contract, not to exceed nine hours per day, and that wherever possible union labor be employed.

In connection with this question of paying I desire to call your attention to Third avenue in North-east Brainerd.

This street was paved at a total cost of approximately \$13,500 of which \$10,000 was paid by the taxpayers upon that street. The work upon this street has never been completed satisfactorily, and I recommend that your body take the necessary action to remedy the defects. I refer directly to the conditions at the corners where the water stands after every rain and around which every person traveling along that street has to go, to the incomplete curbing and broken curbing, and to incomplete approaches and broken approaches. The property owners along this street are endeavoring in every way to beautify this street and it is the duty of the city to co-operate and perform its part of the work.

In connection with the maintenance of paved streets, the question of sprinkling or oiling the streets is essential, and the cost of oiling the streets should be thoroughly investigated.

The condition of the district sewer from the Fifth ward emptying into the general sewer, where the district sewer for some distance is an open sewer is detrimental to the health of citizens of Brainerd, and provisions should be made as quickly as possible for extending the general sewer, so that provision can be made for the completion of the district sewers for both Fourth and Fifth wards.

The extension and construction of lateral sewers should be encouraged and carried forward by the council wherever possible, as one of the best means available towards improvement of the health of our city.

Public Utilities

There are many questions of importance that will come before your body at various times, but none are of greater importance than the water supply of Brainerd. The source of Brainerd's water supply has been repeatedly condemned, but merely condemning the present supply does not improve the condition and I recommend that the city council and water and light board co-operate to the fullest extent of their powers in an endeavor to secure an adequate supply of pure water.

The extension of water mains and electric light lines to enable more of our citizens to enjoy the benefits of our two municipal enterprises should be encouraged in every way possible.

Many of our streets are being beautified by our citizens in many ways, including the planting and care of trees. In many cases where the trees have become of sufficient height to interfere with the service of the water and light board it has become necessary to trim and in cases almost ruin trees, in any event the beauty of many trees has been spoiled in this manner. I recommend that an effort be made towards securing the removal of electric light poles and wires to alleys.

Parks.

Brainerd has been making gradual but effective progress in the improving of his park system. The work of improving Gregory park, has reached such a stage that I believe the question of parks in other parts of the city should receive the serious attention of the city.

The question of the opening of mines in southeast Brainerd leads me to call your attention to the necessity of immediately endeavoring to secure a suitable site for a park in Fourth ward. The population of this ward is increasing rapidly, and with such increase the need of a park will be more apparent every year.

Finance

I recommend that you use the most strict economy in all your transactions, and believe that if a reasonable effort is made a system can be devised whereby the petty expenses of the city can be materially reduced, thereby leaving more of the taxpayers funds to be expended in permanent improvements.

Police.

The question of an effective police department is one upon which I have spent considerable study, and it is my aim to entirely reorganize this department. The question of the number of hours of service required of the members of the police department together with the small wages paid, makes it almost impossible to secure the class of men desired for that department.

In starting the department I recommend that the actual hours of service required of any officer be immediately reduced to ten hours per day.

I intend to co-operate with you in all matters pertaining to the welfare of Brainerd, and shall in the future submit to you such matters as I consider necessary.

I sincerely hope that the day will come when the people of Brainerd can extend their heartiest congratulations to you for good and effective service.

I have the pleasure of submitting to you the following appointments which I sincerely hope will meet with your approval.

The appointments have been mentioned and all were confirmed by the council.

Otto Reinhardt was unanimously reelected weighmaster.

C. D. Peacock was elected city engineer and will also serve as building inspector. H. McGinn received the unanimous vote of the council for fire chief. James Buley and J. R. Mutch were re-elected drivers of the fire team.

For street commissioner four applications were on file, that of J. W. Welch, P. G. Fogelstrom, Wm. Barron and Jacob Paine. On the first informal ballot Welch drew 4, Barron 3, Paine 3 votes. On the first formal the vote stood, Welch 4, Paine 5, Barron 1. On the second formal ballot Welch received 4 and Paine 6 votes, and Paine was declared elected.

For sanitary police there were two applications, Thomas Martin and Florian Senti. Martin was elected, receiving 6 votes to Senti's 4.

By resolution the salaries of all officers were placed at the same figures as last year. They stand as follows:

City treasurer \$40 a month.

City assessor, \$500 for the year 1913 and \$600 for the year 1914, the first being a personal property valuation year and the second a real estate valuation.

City clerk, \$90 a month.

City attorney, \$65 a month.

City engineer and building inspector, \$133 a month.

Street commissioner, \$3 a day.

City health officer, \$32 a month.

Weighmaster, no action taken, as it is a fee office.

The city clerk was instructed to advertise for bids to do the city printing.

The bonds of the city clerk and clerk of the municipal court were fixed at \$1,000; city engineer \$1500 and city treasurer \$20,000.

The matter of selecting depositaries was left to the finance committee.

President Lagerquist announced that he would defer to the next meeting the announcement of his committee appointments.

The council went on record as favoring the granting of cigar sale licenses. There was some discussion Mayor Henning announcing that the whole question of granting licenses had been referred to the new council. Licenses were granted Axel Johnson, R. D. King, M. M. Boyd, Coffrain & Cook.

P. J. Walters was ordered paid for five cords of wood and a committee to check up if six cords had been delivered. The petition for grading and curbing a section of Quince street was referred to the finance committee. T. H. Considine spoke to the council about the coming Fourth of July celebration.

Mayor Henning appointed Robert Jaeger a special policeman at the cemetery, to serve without cost to the city.

The bell on central hose house was reported cracked and it was referred to the fire committee.

The city clerk was directed to advertise for bids for laying cement sidewalks.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Doncaster Race Track.

A race track plays a prominent part in the reduction of the taxes of Doncaster, England. It was constructed in 1776 by Colonel St. Leger, and ever since his day Doncaster's famous race course has yielded a rich revenue, amounting to as much as \$50,000 a year, to the great relief of the borough rate. Other towns, such as Chester, Lincoln and Ayr, draw substantial incomes from a similar source, but Doncaster stands supreme in the harvest it reaps from its races.

The Awakening.

Mrs. Garge—Garge, wake up. The doctor has just sent your sleeping draft!—London Opinion.

GET A TEN CENT BOX OF CASCARETS

Insures you for Months Against a

Sick Headache, Biliousness, Constipation or a Bad Stomach

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

COMMONS KILLS EQUAL SUFFRAGE

Irish Nationalists Oppose Bill
to Enfranchise Women.

MILITANT POLICY HARMFUL

Vote in English Parliament on Suffrage Measure Shows 266 for and 219 Against—Announcement of the Result of the Division is Greeted With Great Cheer From All Sides of the House.

London, May 7.—The fate of the woman's suffrage bill was sealed by the votes of more than fifty Irish Nationalists, who voted against it. The bill, whereby it was sought to enfranchise 6,000,000 women, was rejected by a majority of forty-seven; the vote stood 266 to 219.

Whether there is any chance that the present parliament will pass a bill of more limited character may be doubted. Possibly the Nationalists fear that if they allow a woman's franchise bill to pass the second reading it will lead to a parliamentary struggle, which would not unlikely end in the dissolution of parliament before the home rule bill becomes a law.

Furthermore, the debate proved that the militant policy of the suffragists has done the cause great harm as far as parliament is concerned.

The figures of the division, showing the defeat of the bill, were greeted with a great cheer from all sides of the house.

Neither Andrew Bonar Law, leader of the opposition, nor A. J. Balfour voted in the division. Among the ministers who voted against the bill were Premier Asquith, Reginald McKenna, Lewis Harcourt, J. E. B. Seely, Winston Spencer Churchill and C. E. Hobhouse.

The supporters of the bill included Sir Edward Grey, David Lloyd-George, Rufus Isaacs, Augustine Birrell, Sydney Buxton, C. F. G. Masterman, Sir J. A. Simon and F. A. Acland.

OFFICIAL DENIES CHARGE

Immigration Commissioner of Minnesota Resigns.

St. Paul, May 7.—Intimations of favoritism to real estate dealers by H. J. Maxfield as state immigration commissioner, made in a statement by the state board of investment, were denied by Mr. Maxfield. Mr. Maxfield's resignation was accepted at the immigration board meeting.

"The charge has no foundation," he said. "I have advocated all along a policy of the greatest publicity for these inquiries about state lands." "The board of investment's statement was prepared by Secretary of State Schmalz, State Auditor Iverson and E. A. Nelson of Minneapolis."

BRYAN PARRIES REPORTERS

Positively Refuses to Discuss Japanese Question.

Kansas City, May 7.—William J. Bryan, secretary of state, spent twenty minutes in Kansas City. He talked about the weather and the ideal California climate, but on the Japanese question he remained silent. In fact, he cautioned a group of newspaper friends who gathered to greet him that the Japanese question was tabooed.

The secretary said he didn't think President Wilson would call a special cabinet meeting to discuss his report.

WAR VETERANS TO REUNITE

Plans Made for Meeting of Survivors of Mexican Struggle.

Columbus, O., May 7.—Arrangements for a national reunion of Mexican war veterans to be held at London, O., July 10 and 11, were made here by Captain J. D. Fisher of Chillicothe, O., president of the National Association of Mexican War Veterans, and James E. Buell of South Vienna, O., president of the state association.

Only twenty-five of the few score of veterans living are expected to attend.

POPE GRANTS NO AUDIENCES

Will Follow Instructions of Doctors and See No Pilgrims.

Rome, May 7.—The Osservatore Romano, the Vatican newspaper, publishes the following official statement in regard to the health of the pope:

"Some newspapers have given inaccurate news about the health of his holiness which, although excellent, considering his recent illness, obliges him to follow a special regime. Therefore the pontiff has neither gone into the Vatican gardens, nor is he about to resume his audiences for pilgrims."

Three Face Murder Charge.

Nashville, Ind., May 7.—Frank Taggart, recorder of Brown county, his wife, Ella Taggart, and Hannibal Taggart, were arrested on charges of murder in the second degree, growing out of the death, a month ago, of Norma Taggart, sixteen years old, daughter of Hannibal.

GREAT NORTHERN WILL MINE ORE

Hill interests Preparing to Combat Steel Combine.

CARMI THOMPSON IN CHARGE

Former Treasurer of the United States Will Take Hold of Ore Properties in Northern Minnesota—Trustees Broadly Intimate They Intend to Operate Mines When Present Leases Expire.

St. Paul, May 7.—That the Great Northern railroad interests are preparing to engage in active competition with the United States Steel corporation on the iron range after Jan. 1, 1915, is indicated by the sixth annual report of the trustees of the road's iron ore properties just issued. With 430,021,773 tons of ore in sight and a straight down grade haul to the Head of the Lakes the Hill interests threaten the supremacy of the great combine in Northern Minnesota.

Added interest is given to the report by the coming here of Carmi Thompson, former treasurer of the United States, to take charge of all the Hill ore properties. It is believed that he will head the operating forces of the Hill interests and be the leader of the expected struggle with the great Steel corporation.

While the trustees are careful to avoid any direct announcement of their apparent intention to operate these properties when the steel combine lease expires, yet the report broadly intimates this is the course they will pursue. In this connection it is said:

"The release of these properties has made it possible for 'the companies' (referring to the trustees in their capacity as managers of the companies whose stock was transferred to the Great Northern in 1906) to proceed with the development of the mines thereon."

May Mine Ore This Year.

Contracts have been entered into for stripping the overburden of three of the leasehold properties, which contain an aggregate of 28,123,445 tons of iron ore. This mine development will probably place "the companies" in position to mine and sell some ore during the year 1913, a large amount in 1914 and an increasing output during the year 1915 and thereafter. The opening of these mines does not make it incumbent upon "the companies" to do their own mining and selling, but it will put them in position to do so.

Closely following this statement is one which shows that the trustees have made a close examination of the possibilities of some of the undeveloped properties. Engineers have estimated that by the expenditure of \$10,820,000 ore to the amount of 32,125,000 tons can be made available in the Whiteside, Dunwoody, Smith, Enterprise, South Agnew and Section 16 mines. Contracts, as already stated, have been let for the stripping of the Whiteside, Dunwoody and Smith properties.

It is interesting to note in this connection that the freight which the Great Northern would receive from this immense tonnage available at once would amount to \$19,257,000 at the prevailing rate of the total cost to "the companies" of making the ore available.

SOCIAL EVIL MEN'S PROBLEM

Chicago Savant Says Question Is Beyond Woman's Scope.

Atlantic City, N. J., May 7.—"It is the man of the country who must combat the social evil," said Dean Walter Sumner of Chicago in an address to the clergy and laymen of the New Jersey diocese of the Protestant Episcopal church, who are in attendance upon the convention in progress here.

"Time was that this was woman's problem, but no longer," Dean Sumner said statistics taken in Chicago showed that 50 per cent of the young men are not healthy enough to marry.

MOB BATTLES IN STREETS

Silk Mill Strikebreakers Are Attacked By Crowd.

Summit, N. J., May 7.—Strikers and sympathizers, women and children among them, attacked twenty-five strikebreakers at the doors of the Summit Silk mills.

The police dispersed the mob after the strikebreakers had defended themselves in a hand to hand battle. Several persons were injured.

Sent to Azores for Trial.

Lisbon, May 7.—The Portuguese government has dispatched all the political prisoners arrested for complicity in the last attempt to overthrow the present republic on Sunday, April 27, to the Azores for trial and punishment.

GLENN H. CURTISS.

Receives Medal From
Smithsonian Institute.

GIVES MEDAL TO CURTISS

Smithsonian Institute Honors Living and Dead Aviators.

Washington, May 7.—Three workers in the field of aviation, one dead, the other two living, were honored here by the Smithsonian Institute, which unveiled a tablet to the memory of the late Dr. Samuel Pierpont Langley, inventor of the first heavier than air machine to fly, and presented Langley medals to a Frenchman, Gustave Eiffel, for his valuable experiments in aerodynamics, and to Glenn H. Curtiss, the young American. As M. Eiffel could not be present the French ambassador, J. J. Jusserand, received his medal.

Another feature of the celebration of Langley day—so called because on this date seventeen years ago Langley's first flight with a heavier than air machine, propelled by its own power, was made—was an exhibition of aeroplane and hydroaeroplane maneuvers on the army war college grounds.

FOUR GOTHAM POLICE OFFICERS ARE GUILTY

Tried for Conspiracy to Obstruct Justice.

New York, May 7.—James F. Thompson, James E. Hussey, John J. Murtha and Dennis Sweeney, the four demoted police inspectors charged with conspiracy to obstruct justice, were convicted by a jury in the supreme court.

After being remanded for sentence the four were returned to their cells. The penalty is one year in jail or a fine of \$500 or both.

The conviction of Thompson, Hussey, Murtha and Sweeney is regarded by Mr. Whitman as the most important yet won in connection with his expose of the police system.

The four plotted to buy silence of George A. Siff, a resort keeper, through bribing him to flee the city after he had told the alderman committee that for years he had paid tribute to the police for protection.

SUICIDE CANCELS JOURNEY

Minnesotan Ready to Start for Sweden Strangles Self.

Fergus Falls, Minn., May 7.—Nels P. Peterson bought a steamship ticket, packed his trunk and had it taken to the railway station here preparatory to returning to Sweden, where his wife and daughter live. After breakfast he left his home and did not return for dinner. Later his brother found him strangled to death in a haymow.

WOOD ALCOHOL FATAL.

New York, May 7.—Thirteen persons in the state of New York were made blind for life and four others were killed during the last twelve months either by drinking wood alcohol or inhaling the poisonous fumes. This was published in the report of the New York committee on the prevention of blindness.

Declines Rockefeller Job.

Washington, May 7.—Dr. Erwin F. Smith, plant pathologist in the department of agriculture, has declined a \$10,000 position with the Rockefeller institution for medical research. Moreover, the refusal was to retain a position at \$4,000 a year with the government.

Lets Train Sever His Head.

Troy, N. Y., May 7.—Frank Brown of Cohoes, aged ninety-two years, committed suicide by placing his head on a rail as a passenger train on the Delaware and Hudson railroad was approaching. His head and one arm were severed from the body.

JAP SITUATION TOUCHES SOUTH

People Sympathize With California In Her Trouble.

REASON FOR APPREHENSION

Men From Mikado's Empire Now Possess 41,000 of the 1,000,000 Farms in Great Coast State—"It's a Race Problem," Says House Leader Underwood, "And There Can Be but One Result."

By ARTHUR W. DUNN.

Washington, May 7.—[Special.]—With 41,000 farms out of a 1,000,000 in California in possession of the Japanese there is possible reason for apprehension on the part of the people of the Pacific coast as to what may happen if there is not a check upon the acquisition of real estate by the Japs.

It is evident that, while the administration is doing everything possible to prevent adverse legislation by California, the Californians have the sympathy of the southern people.

"It is a race question," said Leader Underwood of the house. "We of the south have a race question ourselves and know that when racial differences exist that there can be only one result—one race will dominate, and in this country it will be the white race." That is a fair sample of the way southern people look upon the question which is causing so much concern at the present time.

Will Name Committees. While the senate is devoting time to the tariff, for a few weeks at least the house ways and means committee will get up a list of committees. The Democratic caucus has simplified the matter to a great extent by decreeing that committee chairmen shall not have places on a dozen leading committees and there shall be no doubling up of such committees. When the committees are named it is expected that they will take up some of the important bills which have been introduced.

Postage Changes.

It is quite possible that there will be a change in postal rates, even under the Democratic administration. Congress may be asked to establish a one cent rate, which will mean an increase of the second class rate on newspapers and periodicals. I heard a member of the postoffice committee saying recently that there "ought to be an increase because the papers have become so sensational, so unreliable and many times so untruthful." There are other statesmen who say the rate on periodicals ought to be increased because there has been so much muckraking. If that view prevails to any great extent the increase is coming.

Adjectives and Adverbs.

Senator Myers of Montana took occasion to deny a newspaper statement on the floor of the senate and never before has the senate heard so many adjectives and adverbs in such a short speech. Myers strung them along one after another until it seemed as if he had absorbed a large number simply for the occasion. That newspaper story was most thoroughly denied and repudiated by the time he concluded.

Cary For Reform.

Congressman Cary has started right out on a career of reform and has introduced a string of bills to correct many evils, most of them in the District of Columbia. Cary would make a lot of people sit up and take notice in this capital, particularly the public service corporations and those who run automobiles.

A Singular Conference.

Those who recall the early relations between Senators Gallinger and Chandler when the latter was a member of the senate thought that the close conference between them that took place some time ago was very singular. There was a time when they were decidedly antagonistic. Then senatorial friends patched up a truce, which seems to have held so far as personal relations were concerned, but no one ever expected them to confer together. Those who know are assured that it was not in the interest of Chandler's candidate for the presidency, Senator La Follette, that the conference took place.

Advice to New Members.

Phil Campbell of Kansas, who has become one of the Republican leaders, was giving advice to the new Democratic members. Incidentally chiding them. He said they had not been appointed on committees because they were expected to vote "right" on the tariff bill.

"One or two men have been telling you what to do and how to do it. If you are wise you will do just as you are told. How can you expect to get committee assignments or name the postmasters in your districts if you fail to deliver the goods, to vote as you are told to vote?"

"Moving Slowly."

Senator Johnston of Alabama was complaining about the number of Republicans in office.

"But will that not be remedied by the senator's president?" asked Senator Gallinger.

"I hope it will be remedied," replied the Alabama senator, adding almost plaintively, "But it seems to be going along very slowly."

The Reason.

"Why do you suppose he has such a vacant expression?" "Well, he thinks of himself a good deal,"—Judge.

SENATOR BRADY.

Denies He Has Been Engaged to St. Paul Girl.

BRADY EXPRESSES SURPRISE

Idaho Senator Denies Engagement to St. Paul Girl.

Washington, May 7.—Senator James H. Brady of Idaho expressed surprise when informed that an announcement had come from St. Paul that his engagement to wed Alice Lorraine Daly of that city "had been broken by mutual consent." Mr. Brady declared that he never had been engaged to marry Miss Daly.

"About a year ago," said the senator, "there were reports in Western newspapers that I was engaged to marry Miss Daly. They became so persistent that it was decided to make a formal announcement that there was no truth in such reports. This was done. That is all there is to it."

SERIOUS STRIKE RIOTS AT SYRACUSE

Settlement of Trouble Appears to Be in Sight.

Syracuse, N. Y., May 7.—Determined efforts are being made here to settle the strike of building laborers which developed a series of riots in which twenty-five persons, nine of them policemen, were wounded.

The strikers met with Cesare Sconfetti, Italian consular agent at Rochester, who came to Syracuse, and appointed a committee to wait on the employers, with a view of arbitrating the wage dispute. The contractors have signified their willingness to have the matter arbitrated.

Order was restored with the first negotiations for a settlement and the three local companies of state militia, which had been called out during the riot, had nothing to do.

The strike started last Thursday, when the demand of 2,500 laborers and hod carriers for increased wages was rejected.

In the riot the police took twenty-five prisoners, ten of whom were hurt, three seriously. One policeman's skull was fractured and his condition is serious. Eight other officers were cut and bruised.

Giuseppe Vasta was shot through the abdomen and his recovery is not expected. Martin Lull, a spectator, was shot in the shoulder.

IDENTIFIES HOLDUP ARTIST

Wounded Man Picks Out Train Robber by His Voice.

Kansas City, May 7.—A wounded man arrested in a grading camp near Birmingham, Mo., was identified positively as the train robber who last Thursday night held up a Kansas City Southern train and wounded Jesse M. Short, a Joplin miner, from whom he obtained \$1,000. Identification was made by Short.

"I'd know him among a thousand," said Short when the man, who gave the name of Louis Watson, was taken to the cot in Wesley hospital, where the Joplin miner is recovering from wounds inflicted by the bandit. A peculiar strain in the man's voice figured prominently in the identification.

The night of the holdup, although wounded, Short shot and injured the bandit as the latter was leaving the coach after the robbery.

OIL TRUST PROBE.

Chicago, May 7.—Investigation by the government as to whether the Standard Oil company has obeyed the dissolution order of Dec. 21, 1911, is centering at present in this city, it was made known. Oil-trust lawyer Pagan, special assistant to the attorney general, who is in charge of the investigation, is here working on the case.

HOUSE TAKES UP INCOME TAX PLAN

HORSE RADISH COMES IN FREE

Customs Court Refuses to Heed Appeal for 25 Per Cent Duty.

Washington, May 7.—With the cost of living constantly soaring, horse-radish, used the country over as a condiment, may become cheaper as a result of the decision by the customs court.

Overruling the treasury department's pleading for a 25 per cent ad valorem duty on horseradish roots the court decided that the roots should be admitted free of duty.

TWO SINK TO DEATH IN LAKE

Betrothed Wisconsin Couple Perish When Boat Capsizes.

Cumberland, Wis., May 7.—Miss Kate Benham, twenty years old, and John Lair, two years her senior, were drowned in Montgomery lake, northwest of here, while boating. Their boat capsized and they went down in the presence of several persons on shore. Lair reached the overturned boat in safety, but was seen to swim to the aid of the girl. She grasped him about the neck and both sank. They were engaged to be married.

Suffrage Measure Passes.

Madison, Wis., May 7.—The Glenn woman's suffrage bill was put through the assembly and now goes to the governor. It calls for a referendum on the question in 1914.

Carries munitions to Manila.

San Francisco, May 7.—The United States army transport Sherman, carrying five million rounds of small arm and small artillery ammunition and a large quantity of powder, sailed for Manila.

Poets' Pabulum.

"She has quite a salon. Numerous poets in attendance."

"Aw, poets mean lettuce sandwiches and weak tea. I'd rather go where one finds roast beef and army officers."—Pittsburgh Post.

Consideration of General Tariff Bill Is Complete.

SWEEPS ASIDE OPPOSITION

Large Democratic Majority Votes Down All Amendments Offered by Republicans and Retains Free Wool, Free Meats and Other Necessities in the Measure—Payne Tries to Create Tariff Commission.

Washington, May 7.—The overwhelming Democratic majority in the house swept through the free list, bowled over all opposition to free wool, free meats and other necessities and passed on to the consideration of the \$100,000,000 income tax feature of the Underwood tariff bill.

There was sparring across the aisle dividing the Democrats and the Republicans. Many amendments were offered by Republicans in a forlorn effort to put many free listed articles back on the dutiable list.

Finally, when the last of these proposed changes had been rejected, Representative Payne of New York, head of the ways and means committee under the Republican regime in the house, precipitated a lively race fight by offering a brand new amendment to create a tariff commission.

It was all over quickly. Representative Garrett of Tennessee, in the chair, sustained a point of order made by Mr. Underwood that the tariff commission amendment was not germane to the bill.

Amendments to the income tax offered by the ways and means committee and adopted included a provision exempting return investments in insurance and a clause changed the terms regarding mutual fire insurance companies so as to allow them to deduct from their gross incomes the amount required under the state laws to be placed in their reserve funds.

WANT CURRENCY LAW SOON

Bankers in Convention Will Urge Congress to Act Quickly.

New York, May 7.—The "necessity for prompt banking and currency legislation" is one of the recommendations that the executive council of the American Bankers' association will make at the next convention of the association.

A resolution adopted at a session of the council at Briarcliff Manor urges the association to bring to the attention of President Wilson and congress the pressing need of a new financial system that will place the United States on a par with other great commercial and competing nations.

SHATTERS NAVY TRADITION

Canadian Girl Christens American Warship.

San Francisco, May 7.—When the new submarine torpedo boat H-1 was launched at the Union Iron works an American naval tradition was shattered. For the first time in the country's history a United States warship was christened by a subject of a foreign country.

Miss Leslie Jean Meakin, who stood sponsor for the new craft, was born in Montreal, and is a subject of King George. Miss Meakin is a niece of John A. McGregor, superintendent of the Union Iron works.

Two arrests made by George Ridley and Henry Squires, during the closing hours of their terms as chief and captain, were those of a man and a woman accused of running a disorderly house near the West Brainerd bridge. In court the man was fined \$25 or 30 days in jail and the woman \$10 or 10 days in jail. Neither had any money and the pair took the jail sentence.

WORNOUT FLAGS.

Uncle Sam Burns Them Unless They Have Been In Battle.

The government sets an example to the whole country in requiring that wornout flags shall be burned and not permitted to become mere pieces of waste rag. Whether or not any special law or regulation governs the disposition of the flags, the universal practice of the army and navy for generations has been that whenever a flag is no longer fit for service it shall be destroyed.

When a flag used at an army post or on board a naval vessel becomes unserviceable requisition of the quartermaster is made for a new one, and the old one is burned. The same disposition is made of flags used on public buildings in Washington. Custodians of buildings outside of Washington buy their flags outright of the government. Whether or not they follow the official plan of disposing of old flags cannot be stated.

Flags borne in battle are invariably preserved either by the commands which carried them or under instructions from the war department by the government at Washington. A whole roomful of battle flags is on exhibition at the war department.

The government is a little thrifty, however, in the use of the national colors. A flag is not put out of business merely because it is torn or worn, for contracts are maintained with men who repair flags, and if the injury is not too serious repairs are made and the flag is sent back to service.—Boston Transcript.

Ridiculous!

"You should take exercise every day," said the physical culturist.

"You make me laugh," answered the seeker after health. "I work so hard that I get too tired to take any exercise."

"And you should take a bath every day."

"What for?"

"What for? Why, it will make you feel better."

"Take a bath every day just because it makes me feel better! Say, what do you think I am—an epicure?"—Cleveland Plain Dealer.

The spring months often find a woman tired out, with pain in back, hips and head, nervous and sleepless. Foley Kidney Pills will quickly prove their worth and value as a healer of all kidney and bladder ailments and irregularities. They are a splendid remedy for rheumatism, clearing the uric acid from the joints and system. Try them. H. P. Dunn, druggist.—Adv. mwf

MAYOR HENNING'S FIRST APPOINTMENTS

A. A. Weideman, is Appointed a Member for 5 Years of the Water and Light Board

S. W. QUINN, CHIEF OF POLICE

V. N. Roderick City Clerk—Deadlock on City Attorney, M. E. Ryan Holding Over

The new city officers:
Mayor—R. A. Henning.
City Treasurer—A. M. Opsahl.
Municipal Judge—J. H. Warner.
Special Municipal Judge—W. F. Wieland.
City Assessor—Henry Krause.
City Council:
First Ward—C. A. Lagerquist and Anton Mahlum.
Second Ward—James R. Smith and D. A. Peterson.
Third Ward—N. W. Betzold and Ernest Haake.
Fourth Ward—A. L. Anderson and Frank S. Gallupe.
Fifth Ward—L. H. Stallman and George W. Hess.
President of Council—C. A. Lagerquist.
Vice President Council—D. A. Peterson.

The appointments made by Mayor Henning:
Member water and light board, 6 years—A. A. Weideman.
Member Park Board 6 years—Fred Marchant.
Member Board of Health, 6 years—S. W. Quinn.
Members Library Board, 6 years—J. M. Hayes, George Bouck, John Wilmar.

Chief of Police—S. W. Quinn.
Captain of Police—N. W. Olson.
Patrolmen—Herman Schulte, Chris Mathison, Mike Setula and Ole Anderson.
Special police at the Northern Pacific shops to serve without cost to the city—John Wordin, Henry Hurley and Emanuel Horak.
Special policeman at cemetery to serve without cost to city—Robert Jaeger.
The council elected:
City Clerk—V. N. Roderick.
Engineer—C. D. Peacock.
City Attorney—Deadlock, City Attorney Ryan holds over.
Street Commissioner—Jacob Paine.
Chief Fire Department—Henry McGinn.
Building Inspector—C. D. Peacock.
City Weighmaster—Otto Reinhardt.

The council chambers were filled to overflowing Tuesday night on the occasion of the first meeting of the new council. On the desk near Mayor R. A. Henning reposed a huge bunch of carnations which some friends had sent him. Near by, on the desk of City Clerk Roderick, was a mountain of sweet peas, a tribute to "Bud", as he is affectionately known. It was a love feast throughout the entire session and all was peace and harmony.

The first matter before the house was the selection of a temporary chairman. Anton Mahlum was nominated, receiving six votes to the four votes of A. L. Anderson. Mr. Mahlum then took charge of the deliberations of the body.

He announced that the next thing in the order of business was the selection of a president of the council. On the informal ballot Lagerquist polled 4 votes, Anderson 4, Peterson 1 and Smith 1. On the second informal ballot Anderson got 4 votes, Lagerquist 4, Smith 1 and Hess 1 vote. Then came the formal ballot and Lagerquist polled 6 votes and Anderson 4. C. A. Lagerquist was declared elected president of the council.

The informal vote for vice president resulted: Betzold 4, Peterson 4, Hess 1 and Mahlum 1 vote. On a formal ballot D. A. Peterson was elected, receiving 6 votes to Betzold's 4 votes.

For city clerk there was but one application, that of V. N. Roderick. Mr. Roderick was elected, receiving the unanimous vote of the council. For city attorney there were three

written applications, that of W. A. Fleming, D. A. Haggard and Jay Henry Long. There was some argument about an informal or formal ballot and the informal ballot proceeding carried by a vote of 6 to 4. Two informal and eight formal ballots were taken and a deadlock resulted, no one being chosen and City Attorney M. E. Ryan holding over. The ballots stood:

First informal: Ryan 4, Long 3, Haggard 2, Fleming 1. Then Mr. Fleming dropped from the race. The second informal vote stood Ryan 5, Long 3, Haggard 2.

Then followed the formal ballot-ing:

Ballots	Ryan	Long	Haggard
No. 1	5	4	1
No. 2	3	4	3
No. 3	3	4	3
No. 4	4	4	2
No. 5	4	4	2
No. 6	4	4	2
No. 7	4	4	2
No. 8	4	4	2

Mayor R. A. Henning then read his address to the council, which was listened to with the closest attention and at its close was applauded. The mayor said:

To the president and members of the common council of the city of Brainerd:

Gentlemen:
In opening this, my first message to your body, I desire to take advantage of this opportunity and to extend to you, my congratulations, upon your election as aldermen of this city.

The duties of your department, and all other departments of the city are important, and demand the careful consideration and attention of every official, and the co-operative effort upon the part of all, and to assist in securing and accomplishing the most good for the welfare of the city of Brainerd and its citizens, it is my desire to co-operate with you in your work at all times.

Many of the important questions that have been before the last two councils are now completed, or nearing completion.

City Ordinances
The council of 1909-1911 started the work of revising the ordinances of the city of Brainerd, and this work was carried forward by the council of 1911-1913. The commission of attorneys appointed to complete this work, are at present engaged in the summing up of their work, and I recommend to the city council that you assist in closing up this work of revising the city ordinances as soon as possible, in order that the new ordinances may be put in force. This is one of the most important questions before your body, as it is nearly impossible to determine the measures necessary to enforce the ordinances in their present condition.

Public Buildings
It is important that this city have a suitable city hall, capable of housing all the various city departments, and city offices, but it is equally important that that building be located as near to the central part of the city as possible and that such location should be a location easily of access to the majority of its citizens. To accomplish this I recommend that our finance committee be at once instructed to investigate this matter as quickly as possible, with the end in view of securing an option upon a desirable location, and that such location or locations together with the location secured by the council of 1911 and 1913 be submitted to the voters of Brainerd at the first opportunity for their selection of the actual location.

I recommend that the use of all public buildings when not in use for their specific purposes, be extended to the public for public meetings.

Public Improvements
In the construction of sewers and the paving of streets, I recommend to the city council that you pay the closest attention to the specifications and contracts, that may be drawn for any future improvements, and that your engineers and committees in charge of said work be instructed that such work must be completed in accordance with said contracts. I recommend further that all contracts have a clause limiting the

(Continued on page four)

SUPT. W. C. COBB'S REPORT FOR APRIL

City Schools are Flourishing—Efforts Made to Secure Normal Training Department

GRADUATION EXERCISES PLANS

Dr. M. S. Rice, of Duluth, to Deliver Commencement Address—Rev. Sheridan the Sermon

Supt. W. C. Cobb, of the Brainerd schools, gives the Dispatch the following information and school reports:

As the end of the school year is approaching and reviews preparatory to final examinations and promotions are now in progress in all schools parents should be very considerate in the matter of attendance as each day may mean much in the matter of final promotion. The requirement under the state school law is in force until the end of the school year and no time of the year means more to the child than the few weeks preceding the end of the school term.

An effort will be made to secure a normal training department in connection with the local schools, if a sufficient number of students eligible to, and desirous of taking such a course can be secured in Brainerd and its adjacent territory. All students who may be interested in such a department for next year are requested to notify the superintendent of schools. The appropriation for the maintenance of such schools has been increased at the recent session of the state legislature and it would seem that Brainerd and Crow Wing county with its large quota of teachers ought to be maintaining a Normal training department each year.

The commencement address this year will be delivered by Dr. M. S. Rice of Duluth. Dr. Rice is this year filling a larger number of common council engagements than any other single speaker in northern Minnesota which fact alone ought to be a guarantee that the speaker will have something worth listening to. The baccalaureate sermon is announced for May 22d and will be delivered by Rev. Sheridan of the Congregational church.

A general teachers meeting was held in the 8th grade room of the Washington school building Tuesday afternoon at 4:15. Any one is welcome to attend these meetings.

The superintendent's report for the month ending April, 1913, is:

Enrolled for the year to date,	boys 891, girls 997	1888
New entries for the month		12
Average number belonging for the month		1640
Average attendance		1579
Per cent of attendance		96.3
No. cases of tardiness		43
No. of teachers tardy		2
Absence of teachers in days		11½
No. cases of corporal punishment		9
Cases of truancy reported		6
No. fire drills		8
No. of teacher's meetings held		2

Record by Buildings
Whittier, Louise Barrett, principal—Enrolled, 222; per cent of attendance, 97.6; tardiness, 8.
Lowell, Katherine Howland, principal—Enrolled, 472; per cent of attendance, 96.5; tardiness, 14.
Lincoln, Helene Baker, principal—Enrolled, 315; per cent of attendance, 96.3; tardiness, 4.
Washington, grades—Enrolled, 289; per cent of attendance, 96; tardiness 4.
High school department, L. C. McCarty, principal—Enrolled, 240; per cent of attendance, 95; tardiness, 9.

During the month just closed the high school glee club has purchased from the proceeds of their opera a beautiful Victrola and a well selected and graded assortment of records consisting of solos, quartets, orchestra and band selections from the best artists, all of which were presented to the high school with appropriate exercises a short time since. Each Friday afternoon a short recital with the Victrola is held in the assembly room and both pupils and teachers are enjoying the rewards of the musical efforts.

The returns from the March state examinations in grade subjects are in and state certificates were returned for all the papers sent in without any failures. There were received 51 certificates in arithmetic, 75 in U. S. history, 45 in geography, 40 in grammar and making a total of 211 which is a very gratifying showing as the above subjects are not intended to be completed until the end of the school year and with the number of papers to be sent down at the May examination will give the Brainerd schools a larger percentage of state certificates secured in these subjects than in any previous years.

On Friday afternoon the high school orchestra gave a third of the series of concerts planned by Mrs. Prescott for each of the grade buildings and in spite of the unfortunate absence of their director the orchestra carried out the program with the assistance of the teachers and pupils of the Whittier building in a most creditable manner. A goodly number of parents were on hand and showed their appreciation by liberal applause and many kind words of commendation. Next Friday a similar program will be held at the Lowell building to which visitors are cordially invited.

Several of the girls of the high school sewing department recently

appeared in the superintendent's office wearing dresses which they had made entirely themselves including the cutting of the same from the patterns.

They were good looking dresses too, and well made, at a cost of about one dollar and a half. Perhaps another year the girls may all be making their commencement gowns, which would be a practical way of proving the value of a sewing department in the schools.

The records of teachers for the month ending May 2nd, 1913, are:

Teacher	Grade	Att Tard.
Lowe, 7th		99.9 1
Smith, 3rd		98.8 2
Barrett, 8th		98.7 1

SCHOOL BOARD ORGANIZES

R. R. Wise Elected President and George D. LaBar Vice President of the Board

The school board held a short meeting last night and organized, electing these officers:

President—R. R. Wise.
Vice President—George D. LaBar.
Secretary—Louis Hohman.
Treasurer—Wm. Barron.
The treasurer's bonds were fixed at \$30,000. The board of education is now composed of the following members:
First ward, Louis Hohman and R. R. Wise. Second ward, R. J. Hartley and George D. LaBar. Third ward, J. W. Welch and Wm. Barron. Fourth ward, H. Duneman and Henry Moulanen. Fifth ward, Rev. E. Carlson and H. H. Baker.

COMMITTEE MEETING

Executive Committee on Fourth of July Celebration to Meet on Thursday Evening

The executive committee of the Fourth of July celebration will meet at eight o'clock on Thursday evening, May 8, at the water and light board rooms in the Imperial block. All committee members are urged to be present, and if not able to attend should send a representative. Reports are to be made on the progress made by the various sub-committees.

Story Was Exaggerated

The Dispatch was given a story about Ralph Quinn to the effect that this popular telegrapher had lost a lot of miscellaneous articles while taking a ride on a railroad motor car. Mr. Quinn admits having had engine trouble, such as will naturally afflict almost any kind of gasoline machinery. Otherwise it was an incident which was played up too much by some brother railroad man.

RANDALL-FT. RIPLEY

Randall Wins a 3-4 Game, But it Takes Eleven Innings to Turn the Trick

The base ball fans of Randall were treated to a real live ball game Sunday when the Ft. Ripley nine met the above town's team on the Randall grounds. The score was 3 to 4 in favor of Randall and it took 11 innings to run up that small amount.

Batteries were LaForce and Beaumont for Ft. Ripley; Gourd and Pierce for Randall. Gourd had 18 strikeouts to his credit, allowing 6 safe hits and LaForce struck out 14, allowing but 3 hits. Randall fans say it was the best game ever played on Randall grounds.

This Interests Every Woman

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. They are tonic in action, quick in results. They will help you. H. P. Dunn, druggist.—Adv't. mwf

IT PAYS TO ADVERTISE

A TOWN AND COUNTRY CLUB

Being Organized by Some of the Most Prominent Citizens of Brainerd

A CLUB HOUSE AT THE LAKE

Club House, Garage and Other Conveniences at Mille Lacs Lake Near Garrison

There is being organized in Brainerd by some of the most prominent people of the city a Town and Country club, the club house, garage and other conveniences to be located on the western shores of Mille Lacs lake near Garrison.
Charles Barnard will have charge of the club house. He is conducting a beautiful summer resort at present at his location on the lake.
The roads to the lake are being constantly improved and of all drives in the county the Mille Lacs road is one of the finest. The scenery is beautiful, especially on the lake shore.
A member of the Town and Country club, wishing to entertain visitors, can offer his friends no more pleasing recreation than a motor trip to the lake and a stay of one or more days at the club house. The idea of the club meets with favor and many are joining the association.

WATER AND LIGHT BOARD

John M. Taylor's Resignation Accepted by the Board—Routine Business Transacted

Commissioners Dunn and Mahlum were present at the last meeting of the water and light board. The reports of the electric light and water departments were read, accepted and placed on file.

The resignation of Commissioner John M. Taylor was accepted. The present office quarters were, on motion, retained for another year. The board ordered the purchase of a typewriter.

Commissioners Mahlum reported on his recent trip to Duluth regarding the examination of boilers suitable for installation at the pumping station. The various propositions were placed on file.
The price of electric irons was lowered from \$3.50 to \$2.75.

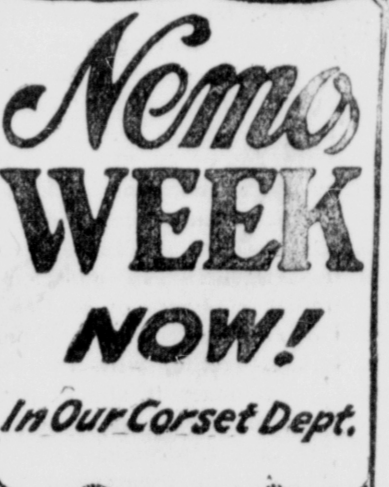

BRAINERD'S GOOD FORTUNE

St. Cloud Papers Comment on the Bequest of the Late Judge Holland to the City

St. Cloud Journal-Press: A Duluth man has given that city a million dollars to build a lake shore boulevard from Duluth to Two Harbors. The late Judge Holland gave Brainerd two valuable iron properties, which it is believed will pay off the bonded indebtedness of that city. What St. Cloud man is going to build a monument for himself by being good to the Busy, Gritty Granite City?

St. Cloud Times: Brainerd is feeling pretty rich, just now, as it is the only city in the world which owns two iron mines, located within its corporate limits—bequeathed by the late G. W. Holland. It is expected that the iron ore will pay of the city debt, maintain a New York Central Park; pave all streets with asphalt; plan all county roads, erect a temple of fame, white way in business and residence streets; construct a macadamized road to Minneapolis, and finally (and best of all) pension the Brainerd editors at \$5,000 per annum. Oh, for an iron mine in St. Cloud, this Busy, Gritty Granite City.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. H. P. Dunn, druggist.—Adv't. mwf

Rainy Day Clothes

These are the days of frequent rains when a man needs a light, serviceable outer garment that will protect him and his clothing from the rain and yet not be too warm and uncomfortable. Then too a man wants something that will look well and be dressy in keeping with his personality.

We have a line of slip-ons that are the ideal garment for these rainy days. Made of cravenetted cloth that is absolutely rain and wind proof. They are light weight and when not worn can be folded into a small bundle that is convenient to carry. You should have one with you all the time these days. Come in today and get yours. \$5, \$7.50, \$8.50, \$10 and up to \$18.

A good line of rubber coats and slickers for the man who works out of doors and needs protection from the rain and wants a waterproof garment that will stand rough wear. \$1.75 to \$6.00.

Rubbers and watertight shoes.
Umbrellas at \$1.00 and up.

Application For Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, Andrew Carlson, hereby makes application for a license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 214 South Fifth Street, on the ground floor, in the City of Brainerd, from May 21st, 1913, until May 21st, 1914.

Dated April 29th, 1913.

(Signed) ANDREW CARLSON.

Said applicant has been licensed to sell intoxicating liquors in the city of Brainerd, Minn., from August 3rd, 1908, to December 6th, 1910.

Notice is hereby given that a hearing on the above application will be had on May 19th, 1913, at 8:00 o'clock p. m. at the regular meeting of the City Council of the City of Brainerd.

Dated April 29th, 1913.

V. N. RODERICK,
City Clerk.

How to Cut Thin Silk.
By placing thin silk between two pieces of tissue paper you will find that you can cut it as straight as though it were heavy cloth. There will be no annoying puckering.—Woman's Home Companion.

THE RACE FOR RICHES.

A wise man will desire no more than he can get justly, use soberly, distribute cheerfully and leave contentedly.—Bacon.

A slight cold in a child or a grown person holds possibilities of a grave nature. Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep seated cough, and heals inflamed membranes. H. P. Dunn, druggist.—Adv't. mwf

MAYOR HENNING'S FIRST APPOINTMENTS

(Continued from page three)

number of hours to be worked by any employee on said contract, not to exceed nine hours per day, and that wherever possible union labor be employed.

In connection with this question of paving I desire to call your attention to Third avenue in North-east Brainerd.

This street was paved at a total cost of approximately \$13,500 of which \$10,000 was paid by the taxpayers upon that street. The work upon this street has never been completed satisfactorily, and I recommend that your body take the necessary action to remedy the defects. I refer directly to the conditions at the corners where the water stands after every rain and around which every person traveling along that street has to go, to the incomplete curbing and broken curbing, and to incomplete approaches and broken approaches. The property owners along this street are endeavoring in every way to beautify this street and it is the duty of the city to co-operate and perform its part of the work.

In connection with the maintenance of paved streets, the question of sprinkling or oiling the streets is essential, and the cost of oiling the streets should be thoroughly investigated.

The condition of the district sewer from the Fifth ward emptying into the general sewer, where the district sewer for some distance is an open sewer is detrimental to the health of citizens of Brainerd, and provisions should be made as quickly as possible for extending the general sewer, so that provision can be made for the completion of the district sewers for both Fourth and Fifth wards.

The extension and construction of lateral sewers should be encouraged and carried forward by the council wherever possible, as one of the best means available towards improvement of the health of our city.

Public Utilities
There are many questions of importance that will come before your body at various times, but none are of greater importance than the water supply of Brainerd. The source of Brainerd's water supply has been repeatedly condemned, but merely condemning the present supply does not improve the condition and I recommend that the city council and water and light board co-operate to the fullest extent of their powers in an endeavor to secure an adequate supply of pure water.

The extension of water mains and electric light lines to enable more of our citizens to enjoy the benefits of our two municipal enterprises should be encouraged in every way possible.

Many of our streets are being beautified by our citizens in many ways, including the planting and care of trees. In many cases where the trees have become of sufficient height to interfere with the service of the water and light board it has become necessary to trim and in cases almost ruin trees, in any event the beauty of many trees has been spoiled in this manner. I recommend that an effort be made towards securing the removal of electric light poles and wires to alleys.

Parks.
Brainerd has been making gradual but effective progress in the improving of his park system. The work of improving Gregory park, has reached such a stage that I believe the question of parks in other parts of the city should receive the serious attention of the city.

The question of the opening of mines in southeast Brainerd leads me to call your attention to the necessity of immediately endeavoring to secure a suitable site for a park in Fourth ward. The population of this ward is increasing rapidly, and with such increase the need of a park will be more apparent every year.

Finance
I recommend that you use the most strict economy in all your transactions, and believe that if a reasonable effort is made a system can be devised whereby the petty expenses of the city can be materially reduced, thereby leaving more of the taxpayers funds to be expended in permanent improvements.

Police.
The question of an effective police department is one upon which I have spent considerable study, and it is my aim to entirely reorganize this department. The question of the number of hours of service required of the members of the police department together with the small wages paid, makes it almost impossible to secure the class of men desired for that department.

In starting the department I recommend that the actual hours of service required of any officer be immediately reduced to ten hours per day.

I intend to co-operate with you in all matters pertaining to the welfare of Brainerd, and shall in the future submit to you such matters as I consider necessary.

I sincerely hope that the day will come when the people of Brainerd can extend their heartiest congratulations to you for good and effective service.

I have the pleasure of submitting to you the following appointments which I sincerely hope will meet with your approval.

The appointments have been mentioned and all were confirmed by the council.

Otto Reinhardt was unanimously reelected weighmaster.

C. D. Peacock was elected city engineer and will also serve as building inspector. H. McGinn received the unanimous vote of the council for fire chief. James Buley and J. R. Mutch were re-elected drivers of the fire team.

For street commissioner four applications were on file, that of J. W. Welch, P. G. Fogelstrom, Wm. Barron and Jacob Paine. On the first informal ballot Welch drew 4, Barron 3, Paine 3 votes. On the first formal vote stood, Welch 4, Paine 5, Barron 1. On the second formal ballot Welch received 4 and Paine 6 votes, and Paine was declared elected.

For sanitary police there were two applications, Thomas Martin and Florian Senti. Martin was elected, receiving 6 votes to Senti's 4.

By resolution the salaries of all officers were placed at the same figures as last year. They stand as follows:

City treasurer \$40 a month.

City assessor, \$500 for the year 1913 and \$600 for the year 1914, the first being a personal property valuation year and the second a real estate valuation.

City clerk, \$90 a month.

City attorney, \$65 a month.

City engineer and building inspector, \$133 a month.

Street commissioner, \$3 a day.

City health officer, \$32 a month.

Weighmaster, no action taken, as it is a fee office.

The city clerk was instructed to advertise for bids to do the city printing.

The bonds of the city clerk and clerk of the municipal court were fixed at \$1,000; city engineer \$1500 and city treasurer \$20,000.

The matter of selecting depositaries was left to the finance committee.

President Lagerquist announced that he would defer to the next meeting the announcement of his committee appointments.

The council went on record as favoring the granting of cigar sale licenses. There was some discussion Mayor Henning announcing that the whole question of granting licenses had been referred to the new council. Licenses were granted Axel Johnson, R. D. King, M. M. Boyd, Coffrain & Cook.

P. J. Walters was ordered paid for five cords of wood and a committee to check up if six cords had been delivered. The petition for grading and curbing a section of Quince street was referred to the finance committee. T. H. Considine spoke to the council about the coming Fourth of July celebration.

Mayor Henning appointed Robert Jaeger a special policeman at the cemetery, to serve without cost to the city.

The bell on central hose house was reported cracked and it was referred to the fire committee.

The city clerk was directed to advertise for bids for laying cement sidewalks.

How's This
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

WALLING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Doncaster Race Track.
A race track plays a prominent part in the reduction of the taxes of Doncaster, England. It was constructed in 1776 by Colonel St. Leger, and ever since his day Doncaster's famous race course has yielded a rich revenue, amounting to as much as \$50,000 a year, to the great relief of the borough rate. Other towns, such as Chester, Lincoln and Ayr, draw substantial incomes from a similar source, but Doncaster stands supreme in the harvest it reaps from its races.

The Awakening.
Mrs. Garge—Garge, wake up. The doctor has just sent your sleeping draft!—London Opinion.

GET A TEN CENT BOX OF CASCARETS

Insures you for Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach. Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

LOSEY and DEAN

Sweetbreads.

There are two glandular bodies each of which is known as the sweetbread. The larger is the pancreas, a gland which lies transversely across the posterior wall of the abdomen behind the stomach. It discharges its secretion, the pancreatic fluid, into the duodenum. The other sweetbread is the thymus gland found in the lower throat and chest. The gland is ductless and is peculiar to infantile life. Little is known of its function in the economy of life. The thymus gland of young cattle, such as lambs and calves, is the sweetbread of a delicate dietary.—New York Sun.

Foley Kidney Pills repay your confidence in their healing and curative qualities. Any kidney or bladder disease not beyond the reach of medicine will yield to their use. Mrs. Cordelia Copeland, Ardena, Mo., says, "I had kidney and bladder trouble for over a year and 5 bottles of Foley Kidney Pills cured me." It is the same story from every one who uses them. All say, "they cured me." H. P. Dunn, druggist.—Adv't. mwf
